

ADDITIONAL APPLICATION FORM - 2026

International applicants

This form is for all international applicants from outside the EU/EEA and Switzerland who are applying from abroad or who have a temporary residence permit in Norway. The application deadline is April 15, 2026.

You must upload this form as document number 1 with your online application. Educational consultancies, agents, or any third parties cannot complete this form, apply, or upload documents on your behalf.

Please read the documentation requirements under "Application Procedures" carefully before completing this form and uploading your documents. The Norwegian School of Sport Sciences (NIH) is not obligated to process incomplete applications or those missing required documents. NIH will verify educational documents during the application process or after admitted students arrive in Norway.

Doc.	Check list for required documents be uploaded in the Application Portal - Søknadsweb
1	Filled in and signed "Additional Application form". All parts of the form must be completed.
2	CV with information about your educational background, beginning with Secondary school and all university/ college education
3	Secondary School Certificate(s)/ or Higher School Diploma(s) and transcripts of records – officially signed and stamped – documents must be translated into English. Both translation and original must be uploaded.
4	University Degree Certificate(s)/ Diploma(s), and officially signed and stamped transcript(s). Documents must be translated into English. Both translation and original must be uploaded. The applicant must also include information about the grading scale of the higher educational institution.
5	Documentation of English Language Proficiency if required by the applicant (Recognized English test)
6	Copy of Passport (first page showing name, date of birth, sex, nationality)/or European ID card for EU citizens. Applicants from countries outside EU/ EEA, and who already have a valid temporary residence permit in Norway, must in addition to their passport copies, also include their permit by uploading a copy of their valid Norwegian Residence Card.
7	Financial Documents (required for all international applicants from countries outside EU/EEA). Check the financial documentation requirements in more detail under "Application Procedures". 1) Documentation of a minimum of NOK 166 859 to cover the living expenses for the first year to meet the UDI financial requirements to obtain a student residence and part-time work permit 2) Fill in and upload the Tuition Fee Declaration Form for 2026 with your online application and submit the form by April 25, 2026 (The form can be downloaded from our home page)

When filling in your names and personal data in the online application portal: Please give your names as they appear in your PASSPORT. Use the name(s) consistently throughout all correspondence with NIH. Regarding Norwegian personal (ID) number: Norwegian citizens and foreign citizens from countries outside EU/EEA residing in Norway for more than 6 months already have or will usually obtain a personal Norwegian ID-number. International students receive such a number upon application to the Taxation Office in Norway post admission. The group of applicants from countries outside EU/EEA, having a temporary residence permit in Norway, is still considered as "International Applicants" at NIH, and should register their application as such in the application portal. They must also meet all the financial requirements under document 7.

Have you previously applied for admission to NIH? YES ☐

NO ☐

IF YES:

What year: _____

Residence permit

Additional documentation requirements for applicants from the following countries:

These documents must be sent directly by post to the Norwegian School of Sport Sciences (NIH) at latest by May 1, 2026 (last postal/ sending deadline):

- Applicants who have completed their degrees from P.R. of China, must submit an application to CHESICC. The documents (verification reports for both degree certificates and transcripts from CHESICC) must be uploaded to the application portal by April 25, 2026, together with all the completed degree diplomas and transcripts from the educational institution where the education has been taken. In addition to the verification reports from CHESICC, all applicants from P. R. of China must document educational documents mentioned under document 4, and all these documents must be sent latest within May 1, 2026, directly to NIH as a hard copy by post for the application to be followed up (see also below).
- Applicants who have completed their university degrees from Pakistan, must apply to the Higher Educational Commission (HEC) in Pakistan. Once the transcript(s) and diploma(s) have a HEC stamp, the documents must be uploaded to the application portal by April 25, 2026 as document 4, in addition to the copies of the original educational documents. The degree certificates/ diploma (s), and all the pages of the transcript of records must be certified by HEC and sent directly from HEC to us. In addition, the certified educational documents at bachelor's and master's level must be sent as hard copies directly from the educational institution (s) where the education has been completed by post to NIH at latest by April 25, 2026 (see also below). Without these documents the application might be rejected.
- Applicants who have completed their university education in Cameroon, Eritrea, Ethiopia, Ghana, Nigeria, Sudan, Bangladesh, Nepal, India, Pakistan**, P. R of China, the Philippines, and the US, must in addition to uploading educational documents online with their online applications, also send their educational documents as hard copies by post directly from the higher educational institution (s) where the education has been completed, and at latest by April 25, 2026 (Last postal deadline). If NIH does not receive these additional documents within this deadline, the application might be rejected because it is not complete.

Declaration and Signature Form

By signing the document, I confirm that the information provided in this application form and all uploaded documents for my application as an International Applicant to NIH for 2026 are correct.

I have read the application and admission regulations for NIH and understand the steps outlined in the "Application and admission" sections on the NIH website: <http://www.nih.no/>.

I confirm that all uploaded documents are authentic. I agree that NIH can verify these documents with the issuing institutions. I understand that I must present original diplomas, certificates, and transcripts if requested by the NIH admissions office. I acknowledge that providing false or incomplete information can affect my application and admission status. Not presenting required original documents may lead to denial of admission or dismissal if admitted. Any forgery will be reported to the police and may involve notifying the issuing educational institutions.

As an International Applicant, I will upload the necessary documents from all completed and ongoing higher education degrees, including official copies and English translations as needed. I also agree to provide any relevant information requested regarding my application.

Name of the international applicant written in capital letters:

First name (as mentioned in your passport): _____

Family name (surname): _____

Date: _____ Signature _____

(Write your signature by hand, not capital letters, including both your first name and surname)
